Learnings

Feature

Tradeoff btw the right way and
the fast way

Lesson

Avoid manual additions to DB, could
save 3+ hrs that we spent on errors

Lesson

Always have backups/snapshots
of the database

Lesson

Data was pain and we needed to plan
better before digging in

Lesson

Prompt Engineering needs
checks even if it's working fine

Lesson

It's all about the friends we make all
along :)

Lesson

Thanks!

To all the people who
made this event happen!

We had an amazing time
